# CREATE YOUR OWN GIFTSET

In just 5 simple steps:

**1**

## Item(s)

Select your products from this catalogue

**2**

## Decoration

Choose your decoration

individual names possible

**3**

## Sleeving

Add a customised sleeve around the productbox.

**4**

## Gift box design

Design your own giftbox

**5**

## Other personalisation options

Add a personal note (A4, A5 or A6)

## End result

You have created your own giftset

■ Minimum quantity to create your own gift sets is 25 pcs.

# CREATE YOUR OWN GIFTSET

Inspiration pages

Example case 'Translunar'

**Welcome new employees  
with a personal giftbox**

Example case 'Neo Academy'

**Wish your staff happy  
holidays**

Example case 'Jack Junior'

**Say thank you to your  
employees**

Example case 'Hill & Harvey

## Welcome the attendees of your webinar

Example case 'Medwin Cares'

## Show your appreciation by sending a personal giftbox

Dear Marion,

A small token of our appreciation for your continuous commitment to our hospital and our patients. You are a true gift to the institution. We wanted to thank you with a small gift from Medwin, to you.

As you know, your support and dedication is needed now as in the future, which is why your wellbeing is vital. This present will hopefully help you stay on your feet and walk the extra mile when required.

Thank you, and stay healthy Marion!

Brian  
Teammanager  
**MEDWIN CARES**

# UV-C sterilisation

This UV-C bottle uses this light to achieve maximum sterilisation effect. It cleans the inner surfaces of the bottle by eliminating 99.9% of odour-causing bacteria and germs in about 3-5 minutes. Simply fill the bottle with water, tap the cap and sterilise your water to drink.

Kills up to 99.9% of bacteria and germs

UV-C LED (no toxic mercury!)

Quick disinfection

## Rena UV-C steriliser box with 5W wireless charger

Multifunction UV-C steriliser that kills up to 99,9% of the bacteria placed inside the device. Simply place objects like earbuds, jewellery, watches and facemask inside the steriliser to sterilise them using UV-C technology. You can choose to do a quick clean in 90 seconds or a complete clean in 5 minutes. The 2 UV-C LED light inside is non-toxic and made without mercury unlike many UV lamps in the market. The design also will make sure that the UV-C led light will switch off automatically when the box is opened so the user will not be exposed to the UV-C light. The lights have a lifecycle of 10.000 hours. On top of the steriliser is a bamboo material 5W wireless charger to charge your mobile device. Including 100 cm PVC free TPE type C cable. Input: 5V/1.5A; Output: 5/1A - 5W. UV-C wavelength 270nm-280nm

## Portable UV-C steriliser pouch with integrated battery

Keep your belongings clean wherever you go, killing up to 99,9% of the bacteria on items placed inside the pouch. Perfect for sanitising your keys and phone while on the go in 5 minutes in fast mode or 10 minutes for full clean. The three UV-C LED lights inside are non-toxic and mercury free. The design will also ensure that the UV-C LED light will switch off automatically when the sterilising pocket is opened via the zipper and magnetic closure so the user will not be exposed to the UV-C light. With integrated 400 mah battery to clean wherever you need. Material outside: 300D polyester and PU. Including PVC free TPE material micro charging cable. UV-C wavelength 270nm-280nm.

**Size** 21,5 x 7 x 11,5 cm **Max. print size** 90 x 60 mm **Print technique** Screen transfer

## UV-C humidifier

Humidifier made from durable ABS with integrated internal UV-C light that will look good on any table top. The humidifier will produce a mist to keep any living space healthy with optimal air quality. In winter it will make sure there will be less dry air and in summer it will have a cooling function. The nozzle produces very little sound so it's even suitable to use at night. The integrated UV light will kill up to 99,9% of potential harmful bacteria in the water before being sprayed. Including 2 extra cotton sticks to replace the original one. One cotton stick will last up to 8 months of permanent use. Content: 200 ml that needs to be refilled after 4 hours of usage. UV-C wavelength 270nm-280nm. UV-C light will only be activated when item is closed. Including 120 cm PVC free TPE micro charging cable

**Size** 11,6 x ø 7,4 cm **Max. print size** 20 x 40 mm **Print technique** Pad print

Permanent antibacterial product protection with Biomaster

## How does Biomaster work?

**1** Biomaster **binds** to the cell wall **disrupting growth**

**2** The Biomaster ions **interfere** with enzyme production **stopping the cell producing energy**

Biomaster **interrupts** the cell's DNA **preventing replication**

**3**

## FAQS about Biomaster

### How effective is Biomaster?

Very. Biomaster is proven to inhibit the growth of bacteria by up to 99.99%.

### Is Biomaster safe?

Yes. It is based on silver ion technology, recognised for centuries with no harmful effects. Biomaster is used in medical, food and water applications.

### What's the difference between antimicrobial and antibacterial?

An antimicrobial inhibits the growth of, or destroys harmful micro-organisms such as bacteria, fungi and moulds. An antibacterial specifically prevents the growth of bacteria.

### Has Biomaster been tested?

Yes, repeatedly. Biomaster is tested to ISO standards. We also undertake on-going quality control tests and environmental trials.

### How long is Biomaster effective for?

Biomaster is effective for the intended lifetime of the product it's added to. It is built into the product and doesn't wear off or leak out.

### Does Biomaster adversely affect a product in any way?

No. You can't see, smell or even taste Biomaster.

### Is Biomaster effective against antibiotic-resistant bacteria?

Yes. Biomaster has been proven to be effective to antibiotic-resistant bacteria such as resistant Staphylococcus aureus (MRSA) and Vancomycin-resistant Enterococcus (VRE).

## Verification

Verimaster is the fail-safe solution to your product verification requirements

Sensor identifies Verimaster particles are present...

the product is genuine and correctly manufactured

Sensor can't find Verimaster particles...

the product is fake, or has been corrupted

Invisible for the naked eye and lasting for the life time of your products. Verimaster tracing technology ensures the product has been treated with Biomaster and is meeting all ISO standards. All our items come with Verimaster tracer and are checked after production.

## Charge safely - protect your data

### Why do I need it?

The USB data protector avoids accidental data exchange when you plug in your mobile device to your computer or public charging station.

### Where do I need it?

**Public charging areas**

**Airports, airplanes, trains & hotels**

**Connected to other laptops or at the office**

**stops hackers**

**stops data theft**

**stops malware**

**P300.063**

**XDCOLLECTION**

### USB data protector

The USB data protector avoids accidental data exchange when you plug in your mobile device to your computer or public charging station. The item will block any data transfer between both devices while keeping sure the item is still being charged. This prevents data being stolen from your device or malware being installed on it. The USB data protector is compatible with all mobile devices (iOS Android, Windows) and works on all USB port. Abs material.

**P300.093**

**XDCOLLECTION**

### Digital privacy kit

Digital privacy kit packed in PP carry box. The safety kit includes a USB data protector, a webcam blocker and an audio jack blocker. The USB data protector avoids accidental data exchange when you plug in your mobile device to your computer or public charging station. The item will block any data transfer between both devices while keeping sure the item is still being charged. This prevents data being stolen from your device or malware being installed on it. The webcam blocker can be attached in front of the webcam of your computer to block the webcam when you need some privacy. The audio jack blocker can be placed in the AUX port of your device to avoid third parties listening in to your conversations.

## USB-C adapters

Most new mobile devices come with a faster type C output charger while most of your cables will still be USB A input. Also your new device might come with a type C input cable but most public places only use USB A output ports. To solve this issue bring this 2 pcs adapter set wherever you go so you don't have to buy new cables or look for new adapters.

### USB A and USB C adapter set

Most new mobile devices come with a faster type C output charger while most of your cables will still be USB A input. Also your new device might come with a type C input cable but most public places only use USB A output ports. To solve this issue take this 2 pcs adapter set wherever you go so you don't have to buy new cables or look for new adapters. Content: 1 USB A to USB C adapter and one USB C to USB A adapter. Adapter material: aluminium

**XDCOLLECTION** **NEW**

### USB A to USB C adapter

The newest generation of phones often come with a USB C input cable disabling you to use most USB ports in public places, at work or even your computer. This adapter solves the issue by simply placing it over the old USB A output to create a USB C output port. Made from aluminium material.

## Tree-free paper

A durable alternative to normal “wood pulp” paper is stone paper. Stone paper is 100% tree-free and has all similarities to traditional wood pulp paper. Stone paper is mostly made of 80% powdered stone (Calcium Carbonate) bounded with 20% HDPE, a non toxic clean plastic. During the production of stone paper, ZERO water and bleach are used. This is in contrast to the production of traditional wood pulp paper. Stone paper is also thicker and smoother than normal paper and more tear-resistant and water resistant.

### Stone paper facts

**No trees required**

**No water required**

**No toxic chemicals**

## IMPACT

For each product sold we will donate 2% of proceeds to support Water.org to change lives with safe water.

## How do we guarantee that our bags and portfolios are made from genuine recycled material?

We aim to avoid greenwashing in our industry and prove the true story of recycled fabrics. We looked into different companies and technologies and finally teamed up with AWARE™. With AWARE™ we guarantee the genuine used recycled materials and water impact reduction claims, by using a **disruptive tracer** and **blockchain technology**.

## The IMPACT Collection

- Provide validated impact claims (saving water!)
- We can offer secure traceability of our recycled materials. A true story from start to finish
- Support Water.org with **2% donation** on every IMPACT product sold.

For more info go to [www.water.org](http://www.water.org)

## UV-C steriliser backpack

Either integrated in a backpack or portable on its own, an UV-C steriliser pocket kills up to 99.9% of bacteria and germs in just minutes. It's large enough to fit bigger items like your often used essentials like keys, wallet and phone. Perfect for anyone on the go.

- ✓ Simplistic design
- ✓ With UV-C sterilising pocket
- ✓ Sterilise up to 99,9%
- ✓ Non toxic mercury free LED

LED indicator

Magnetic snap on zipper

99.9%  
sterilisation rate

UVC-C LED (no toxic  
mercury!)

Quick disinfection

## Portable UV-C steriliser pouch with integrated battery

Keep your belongings clean wherever you go, killing up to 99,9% of the bacteria on items placed inside the pouch. Perfect for sanitising your keys and phone while on the go in 5 minutes in fast mode or 10 minutes for full clean. The three UV-C LED lights inside are non-toxic and mercury free. The design will also ensure that the UV-C LED light will switch off automatically when the sterilising pocket is opened via the zipper and magnetic closure so the user will not be exposed to the UV-C light. With integrated 400 mah battery to clean wherever you need. Material outside: 300D polyester and PU. Including PVC free TPE material micro charging cable. UV-C wavelength 270nm-280nm..

## Travel adapter wireless powerbank

Unique design travel adapter that allows you to charge wherever you go in the world. Simply attach the correct plug fitting included to plug into the wall socket at your destination or at home. The adapter is unique because it can be used at home to charge your mobile devices but can also be taken away with you as a powerbank. The travel adapter has 3 USB ports and one type C port with a total output of 4.2A. The powerbank has a capacity of 6.700 mAh which is enough to charge your mobile device 3 times on the go. When connected the powerbank will automatically be charged. The output via wireless charging is 5V/1A 5W. The charger comes with 4 plugs: EU, UK, USA and Australia and a microfibre pouch to take them on your travels. Input: AC 100-240V 50/60HZ, Output: 5V/4.2A.

### Full colour digital print

Full colour digital printing enables the possibility of printing in many vivid colours. Not only is it eye catching, it also makes logos and images more memorable. Important factors for brand recognition. On top of that, the full colour logo or image will give your printed gift an even more professional look.

## Total savings

# 87.281.571

Litres of already saved water

# 5.997.442

Re-used water bottles

Provide validated impact claims (saving water!)

We can offer secure traceability of our recycled materials. A true story from start to finish

Support Water.org with 2% donation on every IMPACT product sold.

For more info go to [www.water.org](http://www.water.org)

## The IMPACT Collection

We distinguish three main areas where the Impact collection can contribute in the use of water:

By using recycled cotton and recycled PET, saving up to 1.800 L of water per product.

By using glass and stainless steel materials, improving the re-usability of products compared to single use products.

By donating 2% of every sold product from the Impact collection to Water.org.

## How do we guarantee that our bags and portfolios are made from genuine recycled material?

We aim to avoid greenwashing in our industry and prove the true story of recycled fabrics. We looked into different companies and technologies and finally teamed up with AWARE™. With AWARE™ we guarantee the genuine used recycled materials and water impact reduction claims, by using a **disruptive tracer** and **blockchain technology**.

# COMPLIANCE

We strongly believe that offering safe and compliant products is the foundation of our business. Keeping your products safe starts with choosing the best responsible supplier that produces items in line with strict social, safety and quality standards throughout the total supply chain.

## Product Safety/ internal testing

To ensure extra safety and high quality products, we take full responsibility by making extra efforts to guarantee the best products possible. Some examples of our additional efforts are as follows:

✓ High-end product standard checkpoints and guidelines for our total assortment.

✓ In-house QC (Quality Control) for every single outgoing order. We never skip an order.

✓ Additional strict in-house testing for ROHS on each batch. We keep records.

✓ Item and packaging with correct compliance logos and details.

✓ 30+ years of experience with internal Quality Control and Quality Assurance.

✓ We do not take random test reports from factories for granted.

✓ Legible and verified professional manuals which are easy to use.

✓ In-house engineers test each batch to make sure they comply and are in line with previously ordered batches.

✓ Each product is tested by a qualified testing agency and certified according to the compliance requirement (CE Directive, REACH).
